5-QUESTION PRE-BET AUDIT

Wired to Win Ch. 14

01 · RANGE — MINE AND THEIRS

What are the realistic possibilities? Probabilistic, not single-answer.

"A range of" beats "the likely."

02 · EXPECTED VALUE

Upside × probability minus downside × probability.

Multiply, not add.

03 · AM I TILTED?

Angry, scared, desperate, proving? If yes, pause.

Tilted answers to Q1+Q2 are unreliable.

04 · BATNA

Best alternative if I don't commit right now?

Most pressured decisions feel binary, are multi-option.

05 · WORST CASE I CAN LIVE WITH

Concrete dollar / time / reputation loss. Pre-committed.

If you can't articulate it concretely, you're not ready.
